

CARANI[®]
C a r o b p o w d e r

A Natural Weaning Protection

PROPERTIES

- Natural Feed Ingredient
- Sweet Palatability
- Milk Replacer
- High Voluntary Intake
- Promoting Gut Health
- Improves Litter Quality
- Well Being
- Cost Effective

CARANI® is a natural feed ingredient with natural composition 100% carob powder, used in animal nutrition, in diets of piglets, sheeps, lambs, rabbits, poultry, horses...

CARANI® is an exceptional functional feed during critical stages of animal development due to its contents in:

Natural sugars : high energy source, sweet palatability , milk replacer

Fibers : soluble and insoluble for good digestibility, satiety, stimulation of water intake and gut health

Minerals : as Calcium for promoting strength bone density during gestation and lactation, potassium for decreasing stress sensitivity...

Polyphenols as tannins, antioxidative molecules, which prevent piglets diarrhea, with a positive influence on digestibility in small intestine.

Dosage varies from 2% to 10%.

Analysis

Moisture	~	6%
Total Sugars	~	43%
Ashes	~	5%
Fibers	~	40%
Crude fibers	~	11%
Total protein	~	5%
Total fat	~	1%
pH	~	5
Granulometry 96%<105µ		
Energy value	~	280 Kcal

Microbiological Specifications

Aerobic colony count max	10 ⁴ ufc/g
E.Coli	Abs/g
Salmonelle	Abs/25g

Package : 25Kg Multilayer paper bag, linner polyethylene bag.

Shelf life : 18 months from manufacturer date, to keep in dry and good condition place.

Certifications

Certified ISO 9001
Certified ISO 22000
Certified BIO
Certified Halal
